

## National Park Service, Interior

## § 51.64

ceases to utilize related capital improvements under the terms of a concession contract, the payment when made will include interest on the amount that was due on the date of expiration or termination of the concession contract or cessation of use for the period after the payment was due until payment is made (in addition to the inclusion of a continuing Consumer Price Index adjustment until the date payment is made). The rate of interest will be the applicable rate of interest established by law for overdue obligations of the United States. The payment for a leasehold surrender interest value will be made within one year after the expiration or termination of the concession contract or the cessation of use of related capital improvements under the terms of a concession contract.

### **§ 51.62 What is the process to determine the leasehold surrender interest value when the concessioner does not seek or is not awarded a new concession contract?**

Leasehold surrender interest concession contracts must contain provisions under which the Director and the concessioner will seek to agree in advance of the expiration or other termination of the concession contract as to what the concessioner's leasehold surrender interest value will be on a unit-by-unit basis as of the date of expiration or termination of the concession contract. In the event that agreement cannot be reached, the provisions of the leasehold surrender interest concession contract must provide for the Director to make a final determination of leasehold surrender interest value unless binding arbitration as to the value is requested by the concessioner. The arbitration procedures are described in § 51.51. A prior decision as to the construction cost of capital improvements made by the Director or by an arbitration panel in accordance with this part are final and not subject to further arbitration.

[66 FR 35083, July 3, 2001]

### **§ 51.63 When a new concessioner pays a prior concessioner for a leasehold surrender interest, what is the leasehold surrender interest in the related capital improvements for purposes of a new concession contract?**

A new leasehold surrender interest concession contract awarded to a new concessioner will require the new concessioner to pay the prior concessioner its leasehold surrender interest value in existing capital improvements as determined under § 51.62. The new concessioner upon payment will have a leasehold surrender interest in the related capital improvements on a unit-by-unit basis under the terms of the new leasehold surrender interest contract. Instead of initial construction cost, the initial value of such leasehold surrender interest will be the leasehold surrender interest value that the new concessioner was required to pay the prior concessioner.

### **§ 51.64 May the concessioner gain additional leasehold surrender interest by undertaking a major rehabilitation or adding to a structure in which the concessioner has a leasehold surrender interest?**

A concessioner that, with the written approval of the Director, undertakes a major rehabilitation or adds a new structure (e.g., a new wing to an existing building or an extension of an existing sidewalk) to an existing structure in which the concessioner has a leasehold surrender interest, will increase its leasehold surrender interest in the related structure, effective as of the date of substantial completion of the major rehabilitation or new structure, by the construction cost of the major rehabilitation or new structure. The Consumer Price Index adjustment for leasehold surrender interest value purposes will apply to the construction cost as of the date of substantial completion of the major rehabilitation or new structure. Approvals for major rehabilitations and additions to structures are subject to the same requirements and conditions applicable to new construction as described in this part.
